Vengeance

The Mekons

Say it's true and say it ain't when you're down in a hole stay down keep your head down cause there has to be a way of escape

Eating oatcakes down the road listening to my radio If Mars invades then we'll be allies Reagan Thatcher won't last long so I'll sing another song

Don't be depressed don't be downhearted there's a mighty crisis coming pearls of thunder pearls of wisdom Reagan Thatcher dead and gone

In the steaming rain my clothes are wet I'll never rest and I'll never forget
