

Zeroes And Ones

The Mekons

One, naught -- one, naught
One, naught -- one, naught

Zeros and ones, ones and zeros
Zeros and ones,
Lost and found, found and lost
Never lost, never found
Never found, never lost
The tick-tock, of the giant clock
Tide goes in, tide goes out
Strangers in nature
Aliens from god, out in the air
Tracked through time
Lost forever, never lost
Always found, lost for ever
Never lost, always found
Zeros and ones, ones and zeros
Planets swirl, bodies entwine
I can't hear you you're cutting out

Naught, one -- one, naught
Naught, one -- one, naught

Zeros and ones, ones and zeros
Zeros and ones
