

## A very handy man indeed

### The Meteors

Getting close to his neighbours it was important to him  
Skin skin skin Eddie G well it can't be a sin  
You go 'round to Ed's house you won't tear yourself away  
If you call round for Eddie then be prepared to stay  
Go see Mrs. Geins's one and only face to face

He is really simple or cleverer than you?  
The dreams that Eddie dreams well you couldn't do  
Down on the farm where he chopped wood  
Down on the farm yeah ten got it good  
Work to do Eddie, mother's little helper

What face is he wearing, is it someone you knew?  
Or are you inside out and is he seeing through you?  
Packed up in boxes, people that he'd meet  
When Eddie felt real low well he gained twenty feet  
Dig dig dig Eddie G., mummy says you're sweet
