

# Psycho for Your Love

The Meteors

I'm a psycho for your love, baby, yeah  
I'm gonna follow you to hell or anywhere  
If your dad tells me to stop and get out  
I'm gonna put him on his back and kick him right in the  
mouth  
'Cause I'm a psycho for your love, baby, yeah

Go to the graveyard see who we meet  
Watch all the zombies on my street  
Vampire and a werewolf too  
But I can't keep my crazy mind of you  
'Cause I'm a psycho for your love, baby, yeah

I'm gonna follow you to hell or anywhere  
If your dad tells me to stop and get out  
I'm gonna put him on his back and kick him right in the  
mouth  
'Cause I'm a psycho for your love, baby, yeah

Go to the graveyard see who we meet  
Watch all the zombies on my street  
Vampire and a werewolf too  
But I can't keep my crazy mind of you  
'Cause I'm a psycho for your love, baby, yeah

I'm gonna follow you to hell or anywhere  
If your dad tells me to stop and get out  
I'm gonna pull out my knife and rip his throat right  
out  
'Cause I'm a psycho for your love, baby, yeah

Go to the graveyard see who we meet  
Watch all the zombies on my street  
Vampire and a werewolf too  
But I can't keep my crazy mind of you  
'Cause I'm a psycho for your love, baby, yeah

I'm gonna follow you to hell or anywhere  
If your dad tells me to stop and get out  
I'm gonna put him on his back and kick his teeth right  
out  
'Cause I'm a psycho for your love, baby, yeah

Yeah, I'm psycho for your love, baby, yeah  
I'm psycho for your love, baby, yeah  
Oh, baby, yeah (6x)  
Well, I'm a psycho for your love, baby, yeah!
