

When Darkness Falls

The Meteors

Though I am gone from you
I will return
The words I gave to you still valid as I burn
Dieing is just a state of mind after all
Vengeful benevolence Is what I promised you
A dark and everlasting love
When darkness comes I will be there
I'll come to you and I will take care (off you)
Your slave am I your will be done
Back from hell I'm gonna come

All your wishes I will fulfil
My souls forsaken but never still
All that would hurt I'm gonna drag em down
Just call out my name pull me to your flame

When darkness comes I will be there
I'll come to you and I will take care (off you)
Your slave am I your will be done
Back from hell I'm gonna come
