

Aquarius & Gemini

The Mission

She comes and she goes
She ebbs and she flows
She is as water as elusive as the breeze
Everything I am is she

I swear in the presence of God
That she is an angel
From heaven above just to rescue me

She sanctifies me, never denies me
Always satisfies me
She is Aquarius and I am Gemini

She is the air I breathe
And she is the sun that warms my skin
She is Aphrodite and she is Venus, she is love
And she is virtue and she is sin

Like the first sip of wine that burns my throat
Once I've had a taste I'll always want more
She is a promise, the thrill of a first kiss
Never wanting more than this, she is Aquarius

She sanctifies me, never denies me
Always satisfies me
She is Aquarius and I am Gemini

Man child insatiable and indulged
I'm a mess of contradiction I'm told

She sanctifies me, never denies me
Always pacifies me, she is Aquarius, she

She sanctifies me, never denies me
Always satisfies me
She is Aquarius and I am Gemini
