

Chinese Burn

The Mission

Reason always deserts me
When faced with the promise
Her body makes

And do you think it really hurts me
To watch the pleasure
That she takes from you?

And when she lets you
Lets you touch her
Can you touch her
In a way I never can?

I never can
I never can
I never can

'Cause I'm such an Indian giver
Can't pry my eyes away
And to watch her makes me shiver
With delight at her display
It's a Chinese burn

I like to see her perspire
Watch the sweat running
Down her back

She is a slave to my desire
Remember this as she goes
Down on you

On you
(Down)
Goes down on you
Goes down on you

'Cause I'm such an Indian giver
Can't pry my eyes away
And to watch her makes me shiver
With delight at her display
It's a Chinese burn

She loves it in the middle
But a lesson you must learn
(It's a Chinese burn)
Is you'll never come between us

And she'll always return
(Chinese burn)
To me
It's a Chinese burn
It's a Chinese burn
Burn
