## The Modern Lovers

When you get out of the hospital  
Let me back into your life  
I can't stand what you do  
I'm in love with your eyes  
And when you get out of the dating bar  
I'll be here to get back into your life  
I can't stand what you do  
I'm in love with your eyes  
Oh, I can't stand what you do  
Sometimes I can't stand you  
And it makes me think about me  
That I'm involved with you  
But I'm in love with this power that shows through in your eyes

I go to bakeries all day long  
There's a lack of sweetness in my life  
And there is pain inside  
You can see it in my eyes  
Oh there is pain inside  
You can see it in my eyes  
Makes me think about me  
That I've lost my pride  
But I'm in love with this power that resides in your eyes

You live in modern apartments  
Well I even got scared once or twice  
Last time I walked down your street  
There were tears in my eyes  
Well these streets  
We all know  
They help us cry when we're alone late at night  
Don't you love them too?  
That where you got your eyes?  
Oh I can't stand what you do  
Sometimes I can't stand you  
And it makes me think about me  
How I'm involved with you  
But I'm in love with this power that shows through in your eyes

Now... your world  
It is beautiful  
I'll take the subway to your suburb sometime  
I'll seek out the places that must have been magic  
to your little girl mind  
Now as a little girl  
You must have been magic  
I still get jealous of your old boyfriends  
in the suburbs sometimes  
And when I walk down your street  
Probably be tears in my eyes  
(I knew it would happen)  
I can't stand what you do  
Sometimes I can't stand you  
And it makes me think about me  
That I'm involved with you  
But I'm in love with this power that shows through in your eyes

So... when you get out of the hospital  
Let me back into your life  
I can't stand what you do  
But I'm in love with your eyes
