

# Don't Walk Away

The Moffatts

Look in my eyes and let the moment begin  
You make me feel like I can do anything  
One look from you just sends my troubles away  
What I would do, to be with you

Chorus:

Don't walk away  
Why don't you stay I've been waiting for somebody like you  
Please don't walk away  
Why won't you stay  
That you're ready and you're feelin' it too  
Cause if it's love  
If it's love  
Then don't walk away

I wanna show you I've got nothing to hide  
Don't be afraid of what you're feeling inside  
Deep in my heart there is nobody but you  
What I would do, to be with you

Repeat Chorus
