

# I Think I'm Falling In Love

The Moffatts

I think I'm falling in love  
With the girl next door  
'Cause I'm getting the kind of feeling  
That I've never had before  
It's running through my fingers  
It's tickling my toes  
My body's feeling all messed up  
And my heart is yelling whoa

Dad, tell me, is this what it's like to fall in love?  
Dad, tell me, is this what it's like to fall in love?

Each and every night  
I see her in my dreams  
She's the prettiest girl  
That I've ever seen  
I'd like to take her for a walk  
And hold onto her hand  
Watch the birds fly above  
And make castles in the sand

Dad, tell me, is this what it's like to fall in love?  
Dad, tell me, is this what it's like to fall in love?
