## I Think I'm Falling In Love

**The Moffatts** 

I think I'm falling in love With the girl next door 'Cause I'm getting the kind of feeling That I've never had before It's running through my fingers It's tickling my toes My body's feeling all messed up And my heart is yelling whoa

Dad, tell me, is this what it's like to fall in love? Dad, tell me, is this what it's like to fall in love?

Each and every night I see her in my dreams She's the prettiest girl That I've ever seen I'd like to take her for a walk And hold onto her hand Watch the birds fly above And make castles in the sand

Dad, tell me, is this what it's like to fall in love? Dad, tell me, is this what it's like to fall in love?
