

## If You Only Knew

The Moffatts

I give you anything everything  
If you would be mine  
I give you stars above and all my love

How can you be so blind, so blind  
I'm going up my mind  
All the time for you  
Yes it's true

If you only knew that I'm crazy for you  
then you'll understand  
If I only knew what's you're goin' through  
then I'll understand

Now I know that I have no chance  
Oh... to make your mind  
But if I own the world  
Would you be my girl
