The Moffatts

Jump
If you wanna get up
If you wanna get down
Take your body and move it all around Jump
If you wanna get up
If you wanna get down
Everybody all around you
Jump
Baby if you come with me, I will show you
How to let your mind be free
If you want it, all you gotta do is
Let your body lead the way
Everywhere that I go
Every place that I see
Everybody can stand a little movin' around
All around the world are you ready to
Stand up, turn around all ya gotta do is

If you're ever feeling blue
And you think there's
Nothing left for you to do
Just remember
You are not the only one
And there's always a way
Every where that I go
Every place that I see
Everybody can stand a little movin' around
All around the world are you ready to
Stand up, turn around all ya gotta do is

It's so easy never stop foolin' around never kept your feet on
the ground
Know, everywhere that you go
Get up and move it around
Get off the ground you gotta
Jump
