

## Now And Forever

The Moffatts

What would I do If you took your love away from me  
What would I say I could never make it without you  
Yes it's true I wanna be with only you  
Now and forever  
You and me together I can't believe it's true I'm so in love with you  
Now and forever  
You and me together I wanna be with you now and forever  
and ever being with you  
Feels like the sun on a Saturday  
Every night I find myself dreaming of just you  
Yes it's true I wanna be with only you
