

# Santa's In My Neighborhood

The Moffatts

I hear footsteps on my roof  
Sure must be some awesome dude  
Bailing down the chimney with a big sack of loot  
I hope he's wearing his bestest suit  
All year long, I've been good  
And Santa's in my neighborhood

Well he's driving that sleigh at the speed of light  
To a billion houses in just one night  
And there's milk and cookies at everyone  
Man that man must weigh a ton  
All year long, I've been good  
And Santa's in my neighborhood

Christmas comes but once a year  
And I sure hope it comes here  
All my life I will believe  
In the man that comes on Christmas eve  
I'm so glad I've been so good  
Cause Santa's in my neighborhood  
All year long, I've been good  
And Santa's in my neighborhood

Well I'm so glad I've been so good cause Santa's in my neighborhood  
I hear footsteps on my roof, sure must be some awesome dude  
All my life I will believe in that man that comes at Christmas  
Eve
