

Santa's In My Neighborhood

The Moffatts

I hear footsteps on my roof
Sure must be some awesome dude
Bailing down the chimney with a big sack of loot
I hope he's wearing his bestest suit
All year long, I've been good
And Santa's in my neighborhood

Well he's driving that sleigh at the speed of light
To a billion houses in just one night
And there's milk and cookies at everyone
Man that man must weigh a ton
All year long, I've been good
And Santa's in my neighborhood

Christmas comes but once a year
And I sure hope it comes here
All my life I will believe
In the man that comes on Christmas eve
I'm so glad I've been so good
Cause Santa's in my neighborhood
All year long, I've been good
And Santa's in my neighborhood

Well I'm so glad I've been so good cause Santa's in my neighborhood
I hear footsteps on my roof, sure must be some awesome dude
All my life I will believe in that man that comes at Christmas
Eve
