

## Say'n I Love You

The Moffatts

Say'n I love you It's the hardest thing to do  
And if I ever do  
Girl I'll always be true I may not be the best looking guy you  
ever knew  
But I can show you love, that will always be true  
And when your skies turn gray, my love will guide the way  
And if these words that I hold, could only be told.

And when your tears fall to the ground  
I will pick you up when you're feeling down

And when your tears fall to the ground  
I will pick you up when you're feeling down
