

# Apples, Peaches, Bananas and Pears

The Monkees

I love you, girl, now that's the truth  
I need you  
Don't be cruel, don't be cruel  
Give me just a little help and to show how much I care  
I bring you Apples, Peaches, Bananas and Pears

Run to me  
Girl don't wait to long  
And you'll see  
I won't do you wrong  
Promise me no matter what  
Forever you'll be there  
I'll bring you Apples, Peaches, Bananas and Pears

I've said all I can today, girl  
That's the way I am  
Take it for what it's worth,  
Throw the rest into the sun

Give me you  
Girl, that's all I ask  
Please be true  
All I want's a love to last  
I'll give it all back to you  
And just to prove I'm fair  
I bring you Apples, Peaches, Bananas and Pears

Whoa!

I love you, girl, now that's the truth  
I need you  
Don't be cruel, don't be cruel  
Give me just a little help  
And to show how much I care  
I bring you Apples, Peaches, Bananas and Pears
