

Every Step of the Way

The Monkees

I used to see you on the avenue
You were the girl that let me follow you
You used to hang out in the alleyway
You sewed a button on my shirt one day
I asked around until I found your name
Then underneath the arches in the pouring rain
I said you (yeah, you) I want you
Every step of the way

I know that things are gettin' better
I know it's gonna be OK
So baby don't go I ain't gonna let ya
I want to be with you every step of the way
Every step of the way

Do ya want to, do ya want to, do ya want to dance?
Take a chance, baby, take a chance
I'll be with you every of the way
I'll even show you how to strut one day
Ain't got a girl and it's a crying shame
'Cause I can't figure out who's to blame
I want you (yeah, you) I want you
Every step of the way

I know that things are gettin' better
I know things will be OK
So baby don't go I ain't gonna let ya
I want to be with you every step of the way
Yeah, every step of the way

I know that things are gettin' better
I know things will be OK
So baby don't go I ain't gonna let ya
I want to be with you every step of the way
Every step of the way
Every step of the way
Every step of the way
