

The Kind of Girl I Could Love

The Monkees

Girl, you look mighty good to me
And I know that you've got to be
The kind of girl I could love.

You've got the sweetest pair of eyes
And your kiss would be paradise
You're the kind of girl I could love.

You do something to my soul
That no one's ever done.
If you're looking for true love
Then let me be the one.

Girl, deep in my soul I'm sure
And my heart has no doubt that you're
The kind of girl I could love.
The kind of girl I could love.
