

You're So Good

The Monkees

If you were an apple
I would take a bite
If you were a lemon
I would squeeze you tight

You're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good for me

If you were a penny
You'd be good as good
If you were a snowball
I would love the cold

'Cause you're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good
You're so good for me

If you were a candle
I would light your fire
And if you were hot labor
I would never tire

'Cause you're so good I've got to have you
You're so good that nothing else matters
You're so good
You're so good
You're so good
You're so good for me

You're so good
You're so good
You're so good
You're so good for me
