Say It With Love

The Moody Blues

I've been thinking the way people do
'Bout the things that matter
To me and you
I've decided to do what I can
And to find the kind of man
I really am

I can see the world from here And it sometimes makes me Want to disappear

Back to nature, that's where we belong And with just one truth I've found You can't go wrong

Wherever you go Whatever you do Whatever you say Say, say, say Say it with love

I remember a long time ago
When I heard those guitars
That I worship so
I was captured, I wanted to stay
And to hear that kind of music
Everyday

Heard the songs around the world Saw the smiling faces On the boys and girls I was destined to play come what may And there's just one thing I knew I had to say

Wherever you go Whatever you do Whatever you say Say, say, say Say it with love

Underneath a sea of doubt
There's a million voices shouting
"Let me out!" (Let me out!)
When we go, we never return
'Cause there's just one lesson
That we got to learn

Wherever you go Whatever you do Whatever you say Say, say, say Say it with love Say it with love
