

Self And Soul

The Moog

Seek out the sound
Sedates, resounds

Step on a stair
Go high to where

No lights abode 2x
The self resigns

It keeps watching me /When I'm out
In keeps hurting me /When I'm up
It keeps haunting me /When I'm down
Just keep hiding me

I found to stay
Snowfields a lost way
Lulls me to sleep
From deep down to save

Desire pierced through 2x
Cold stone forlorn
