

Of Dreams Forgotten and Fables Untold

The Moon and the Nightspirit

Behold, this is the realm I call my own,
Here I take shelter in forests lone and old,
In the secrecy of amaranthine worlds
Of dreams forgotten and fables untold

Far from the battlefields of jealous gods,
Where giving time and space are not
There is my home among secrets unsolved
Of dreams forgotten and fables untold

This is our kingdom, the final refuge of beauty,
This is our world of dreams forgotten
And fables untold
