

Boarded Doors

The Morning Benders

When you find out everything you're looking for
All that's left is an empty house with the boarded doors
No means that I waited as long as I could
Little hopes that's from the heart that's made of wood

Maybe you're right to stay in the light
But tell me please where does that leave me

Well but I can't bring myself to fly away
I find the highest mountain top but I don't want to stay
There's nothing left inside this town that'll keep me here
A little change comes to a heart that's frozen in fear

Maybe you're right we'll stay in the light
But tell me please where does that leave me

Well I don't know where else I'll go
It's out of the warm and into the snow
