

Shine

The Morning Of

I step outside into the light
The sun is bright, I close my eyes
The summer caught me by surprise
And now I'm left here waiting
For you to tell me how it is
If I could only get a kiss
I could make you take a risk
On a boy who wants this
And now the sun has sunk below
The evening wind now starts to blow
I catch the scent of you're perfume
It lifts me higher than the moon

I'll be fine if you stay by my side...

Never felt this way in my whole life
Never had this feeling before tonight
I can't get you off my mind
Cause you shine, Girl
Oh you know you shine

Your eyes are brighter than the sun
They make me see that you're the one
Your smile takes my breath away
And leaves me with nothing to say
You aren't like any other girl
That I've met in this whole world
You're so much more than they can be
So won't you please just be with me?

I'll be fine if you stay the night...

Never felt this way in my whole life
Never had this feeling before tonight
I can't get you off my mind
Cause you shine, Girl
Oh you know you shine

And I'd give up forever to see the day
Where the two of us both could just walk away
Hand in hand...

Never felt this way in my whole life
Never had this feeling before tonight
I can't get you off my mind
Cause you shine, Girl
Oh you know you shine

Never felt this way in my whole life
(You shine)
Never had this feeling before tonight
(Oh you know you shine)
I can't get you off my mind
(You shine)
Cause you shine, Girl
Oh you know you shine
