

# Icy Red

## The Motels

Danger on the corner  
Danger on the peak  
Danger like a flag I wave  
Icy Red, Icy Red, Icy Red and me

Living on the edge of live  
Fingertips feel so nice  
Drive away in ecstasy  
Icy Red, Icy Red, Icy Red and me

Hold on, don't stop  
Hold on now, let me be  
Hold on now, fingers snap  
Icy Red, Icy Red, Icy Red and me

Suddenly I'm like a child  
He touches me and I go wild  
He means all the world to me  
Icy Red, Icy Red, Icy Red and me

Hold on, don't stop  
Hold on now, let me be  
Hold on now, fingers snap  
Icy Red, Icy Red, Icy Red and me

Red skies in the morning  
Red lights never stop  
Red lines under nothing  
Icy Red, Icy Red, Icy Red and me

Lost in love forever  
If he left I'd die  
Follow through eternity  
Icy Red, Icy Red, Icy Red and me

Hold on, don't stop  
Hold on now, let me be  
Hold on now, fingers snap  
Icy Red, Icy Red, Icy Red and me

Red skies in the morning  
Red lights never stop  
Red lines under nothing  
Icy Red, Icy Red, Icy Red and me  
Red skies in the morning  
Red lights never stop  
Red lines under nothing  
Icy Red, Icy Red, Icy Red and me
