

My Love Stops Here

The Motels

Down slow side streets
I stop at the sight of an angel
I don't know you
I don't know your name
I don't need to
You lead me down dark hallways
I feel no fear cause I need you

My love stops here
My love stops here

You hand touches me softly
I stare out the window to nowhere
You can't stop me
I'm trapped by this moment forever
Down through the memory
I run to the love that they gave me

My love stops here
My love stops here
My love stops here
Tonight

Down slow side streets
I stop at the sight of an angel
I don't know you
I don't know your name
I don't need to
You lead me down dark hallways
I feel no fear cause I love you

My love stops here
My love stops here
My love stops here
Tonight

My love stops here
My love stops here
My love stops here
