

# State Of The Heart

The Motels

Too many times I want too much  
Too many hours I wait  
Too much, too soon to last too long  
It was over from the start  
I've been through it all before  
I keep coming back for more  
This time it's gone too far

It's just a state of the heart  
And I'm falling  
Just a state of the heart  
Tears my world apart  
It's just a state of the heart  
I keep praying  
Just a state of the heart  
It's love we're saving  
It's just a state of the heart

Don't know why I'm hanging on  
Or why I can't let go  
I ask myself a thousand times  
I'm sure I'll never know  
There's no one to take your place  
In your arms I felt so safe  
It's a love I can't replace

It's just a state of the heart  
And I'm falling  
Just a state of the heart  
Tears my world apart  
It's just a state of the heart  
I keep praying  
Just a state of the heart  
It's love we're saving  
It's just a state of the heart

One and only, one and lonely  
One last try to make things right

(Instrumental)

There's no place for peace of mind  
I count the blessing that I have  
I'm just outside of heaven's gate  
Wanting only you  
I wake without you at my side  
Night after lonely night  
Was it love or a lie

Or just a state of the heart  
And I'm falling  
Just a state of the heart  
Tears my world apart  
It's just a state of the heart  
I keep praying  
Just a state of the heart  
It's love we're saving

But it's only a state of the heart  
But it's only the state of my heart  
Feels like I'm falling apart  
But it's only a state of the heart  
But it's only the state of my heart  
Feels like I'm falling apart

But it's only a state of the heart  
But it's only the state of my heart  
Feels like I'm falling apart
