

# Trust Me

The Motels

It's not hearsay  
It's not cheap talk  
Take a chance  
What harm could it do

Say you've hear it  
All before now  
Hurt for too long  
Pretend to be strong

Trust me  
I'm never going to leave you  
Trust me  
I always will be near you  
Trust me

Running out of reasons  
Knowing certain things  
Keeps you frightened of me  
Keeps you from me  
If there's any time  
Or any place  
If there's any words  
That make any sense

Trust me  
I'm never going to leave you  
Trust me  
I always will be near you  
Trust me

Time would take too long and  
Words might say too much

Trust me  
I'm never going to leave you  
Trust me  
I always will be near you  
Trust me

Time would take too long  
And words might say too much

Trust me  
I'm never going to leave you  
Trust me  
I always will be near you  
Trust me  
I'm never going to leave you  
Trust me
