

# Call Any Vegetable

## The Mothers of Invention

(Cheesey, Cheesey)

(This is a song about vegetables, they keep ya regular  
They're real good for yo)

Call any vegetable Call it by name  
Call one today When you get off the train  
Call any vegetable And the chances are good  
Aw, The vegetable will respond to you

(Some people don't go for prunes...I  
don't know, I've always found that if they...)  
Call any vegetable Pick up your phone  
Think of a vegetable Lonely at home  
Call any vegetable And the chances are good  
That a vegetable will respond to you

Rutabaga, Rutabaga,  
Rutabaga, Rutabaga,  
Rutabay-y-y-y...

(A prune isn't really a vegetable...  
CABBAGE is a vegetable...)

No one will know  
If you don't want to let them know  
No one will know  
'Less it's you that might tell them so  
Call and they'll come to you  
Covered with dew  
Vegetables dream, Of responding to you

Standing there shiny and proud by your side  
Holding your hand while the neighbors decide  
Why is a vegetable something to hide?
