

## Love Of My Life

### The Mothers of Invention

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life  
(Love of my life)

Stars in the sky, they never lie  
Tell me you need me, don't say goodbye  
I love you only  
Love, love of my life

Stars in the sky, they never lie  
Tell me you need me, don't say goodbye  
I love you darling, I love you only  
Don't ever leave me  
Don't make me, don't make me  
Don't make me lonely  
(Please, don't leave me!)

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life

Stars in the sky, they never lie  
Tell me you need me, don't say goodbye  
I love you darling, I love you only  
Don't ever leave me  
Don't make me, don't make me  
Don't make me lonely  
(Please, don't leave me, a-ah!)

Love of my life, I love you so  
Love of my life, don't ever go  
I love you only  
Love, love of my life  
Love of my life,  
Love of my life,  
Love of my life,  
Love of my life
