## **Trouble Every Day**

## The Mothers of Invention

Well I'm about to get sick
From watchin' my TV
Been checkin' out the news
Until my eyeballs fail to see
I mean to say that every day
Is just another rotten mess
And when it's gonna change, my friends
Is anybody's quess

So I'm watchin' and I'm waitin'
Hopin' for the best
Even think I'll go to prayin'
Every time I hear 'em sayin'
That there's no way to delay
That trouble comin' every day
No way to delay
That trouble comin' every day

Wednesday I watched the riot...
I seen the cops out on the street
Watched 'em throwin' rocks and stuff
And chokin' in the heat
Listened to reports
About the whisky passin' 'round
Seen the smoke & fire
And the market burnin' down
Watched while everybody
On his street would take a turn
To stomp and smash and bash and crash
And slash and bust and burn

And I'm watchin' and I'm waitin'
Hopin' for the best
Even think I'll go to prayin'
Every time I hear 'em sayin'
That there's no way to delay
That trouble comin' every day
No way to delay
That trouble comin' every day

Well you can cool it, You can heat it... 'Cause, baby, I don't need it... Take your TV tube and eat it 'N all that phony stuff on sports 'N all the unconfirmed reports You know I watched that rotten box Until my head began to hurt From checkin' out the way The newsmen say they get the dirt Before the guys on channel so-and-so And further they assert That any show they'll interrupt To bring you news if it comes up They say that if the place blows up They'll be the first to tell Because the boys they got downtown

Are workin' hard and doin' swell, And if anybody gets the news Before it hits the street, They say that no one blabs it faster Their coverage can't be beat

And if another woman driver Gets machine-gunned from her seat They'll send some joker with a brownie And you'll see it all complete

So I'm watchin' and I'm waitin' Hopin' for the best Even think I'll go to prayin' Every time I hear 'em sayin' That there's no way to delay That trouble comin' every day No way to delay That trouble comin' every day

Hey you know something people I'm not black
But there's a whole lots a times
I wish I could say I'm not white

Well, I seen the fires burnin' And the local people turnin' On the merchants and the shops Who used to sell their brooms and mops And every other household item Watched the mob just turn and bite 'em And they say it served 'em right Because a few of them are white, And it's the same across the nation Black & white discrimination They're yellin' "You can't understand me!" And all the other crap they hand me In the papers and TV 'N all that mass stupidity That seems to grow more every day Each time you hear some nitwit say He wants to go and do you in Because the color of your skin Just don't appeal to him (No matter if it's black or white) Because he's out for blood tonight You know we gotta sit around at home And watch this thing begin But I bet there won't be many left To see it really end 'Cause the fire in the street Ain't like the fire in my heart And in the eyes of all these people Don't you know that this could start On any street in any town In any state if any clown Decides that now's the time to fight For some ideal he thinks is right And if a million more agree There ain't no great society As it applies to you and me Our country isn't free And the law refuses to see

If all that you can ever be
Is just a lousy janitor
Unless your uncle owns a store
You know that five in every four
Just one amount and nothin' more
Don't watch the rats go across the floor
And make up songs about being poor
Blow you harmonica son!
