

Resonant Bell World

The Mountain Goats

sometimes you're a starling
sometimes you're a kite
you're a hyena from early to mid afternoon
you're a stray dog at night

it's the most amazing thing i've ever seen
how you will not act like a human being

when you put on your special coat
and you made your special lunge for my throat

between you and me,
it was, it was really exciting.

it's the most alarming thing i've ever seen
how you will not act like a human being
it's the most incredible thing i've ever seen
how you refuse to act like a human being

in the starlight.
in the starlight.
in the starlight.
in the starlight.
in the starlight.
in the starlight.
