

## Seed Song

### The Mountain Goats

The rain didn't come for one calendar year  
So when the man with the sunflower seeds in his hand came  
here  
We sent him away, we sent him away

The rain didn't come for twelve months more  
So when the man with the seed catalogs darkened our door  
We sent him away (4x)

And I know you're waiting for the ironic ending  
And I know you're waiting for the punchline  
And I know you're waiting for the rain to come by  
So am I (4x)
