

## Useless Information

### The Move

Sister Jane has a little book  
Full of autographs of useless people  
Seems a waste in the time she took  
And it gets me mad which makes us equal  
\*Ooh, hundreds of people left out in the cold  
Wearing the shoes that were silver and gold  
Useless information  
Tons of useless information  
Seems to fill my head  
With nowhere else to go  
(Isn't it amazing)

Mrs. Pain at the dairy game  
With the news about her operation  
Will the... ever make the rain  
Wash away such useless information

(\*repeat)

Isn't it amazing  
Now you can see why conversation is dying  
And time is passing you by

Turn your ears to the weatherman  
Saying it be colder in December  
Get your boots and your....  
It's been the same for years  
So I remember

Hundreds of people filling my head with useless  
information  
(repeat and fade)
