

If Only Duct Tape Could Fix Everything

The Movieline

All blurry, no focus now. But what's focus when the lights are all out?

I can't understand why I keep you around, but I can't, I won't let you down.

Wondering how long until we break. Foundations that we built are getting weak.

It seems that we're springing a leak, but I can't, I won't let us drown.

No I can't, I won't let you down. I can't and I won't let you down.

'Cause you know that I'll do anything for you,

And you see that it's aching inside me.

And I watch you go, and I don't run after you, and I guess I just let you down.

All blurry, no focus now. But what's focus when the lights are all out?

I can't understand why I keep you around, but I can't, I won't let you down.

No I can't, I won't let you down. I can't and I won't let you down.

'Cause you know that I'll do anything for you,

And you see that it's aching inside me.

And I watch you go, and I don't run after you, and I guess I just let you down.

When it's not me who's forgetting all our dreams.

When it's not me who's forgetting all our dreams.

When it's not me who's forgetting all our, you're forgetting all our dreams.

Forgetting all our dreams.

And I watch you go, and I don't run after you, and I guess I just let you down.
