

# Alone Sometimes

The Mowgli's

Well I'm not here cause I wanna be here  
Just dunno anything else  
Spent so long deep in love with you  
Fell out of love with myself  
I'm screaming at your memory  
I'm saying "get the hell right out of my house"  
So I take your pictures off the wall  
And it's just me and Johnny Walker left around

You can lie lie lie  
You can lie to me  
I don't care I'm not losing sleep  
But if it don't bother you  
It sure as hell don't bother me

Man, it feels good to be alone sometimes  
God I gotta say those are my favorite nights  
When no one's around, and I'm still speaking my mind  
Man, it feels good to be alone sometimes

I'm not alone cause I wanna be alone  
It's just the way it went down  
It didn't hurt as much at first  
But I can't believe how much it's killing me now  
I keep on going out  
And I keep wondering why I keep on going out  
So I call myself a car  
And ask the driver "where the hell we going now?"

You can lie lie lie  
You can lie to me  
I don't care I'm not losing sleep  
But if it don't bother you  
It sure as hell don't bother me

Man, it feels good to be alone sometimes  
God i gotta say those are my favorite nights  
When no one's around, and I'm still speaking my mind  
Man, it feels good to be alone sometimes

You can lie to me  
But I ain't losin sleep  
While you're rollin' around  
In someone else's dreams  
If it don't bother you  
It don't bother me  
It kinda feels like I won the lottery  
Get away from me  
Get away from me  
God it feels good to be alone

Man, it feels good to be alone sometimes  
God I gotta say those are my favorite nights  
When no one's around, and I'm still speaking my mind  
Everybody's gotta be alone

Man, it feels good to be alone sometimes

God I gotta say those are my favorite nights  
When no one's around, and I'm still speaking my mind  
Man, it feels good to be alone sometimes  
God it feels good to be alone sometimes  
Man, it feels good to be alone
