Shake Me Up

The Mowgli's

Sometimes I call Just to see how you are But I don't really care either way It's just a feeling I'm grabbing Just another bad habit One more thing that you'd like to erase

She usually don't answer 'Cus she knows what I'm after Curiosity's got her this way It's just a feeling I'm grabbing You don't know unless you've had it One less thing that you'll have to explain

You're the heart in my ache You're the love that I make You're the heart in my ache You're the eye of a hurricane

I want all of your love Come on and dizzy me up Shake me up I want to feel something bigger than us Astronomical love The kind you find when you're young All I want is your lo-uh-uh-ove

Well sometimes it's easy To forget you completely Then there's those days you don't leave me at all We exist in this moment And you smile 'cus you know it I just can't keep you too far from my thoughts

You're the heart in my ache You're the love that I make You're the heart in my ache You're the eye of a hurricane

I want all of your love Come on and dizzy me up Shake me up I want to feel something bigger than us Astronomical love The kind you find when you're young And you're dumb I want to feel something bigger than us

You're the heart in my ache You're the love that I make

All I want is your love Come on and dizzy me up All I want is your lo-uh-uh-uh-ove (Oh oh-oh-oh-oh) I still believe everything (oh oh-oh-oh-oh oh-oh) Everything, everything (oh oh-oh-oh-oh) But this little part of me Wants to be everything you ever dreamed

I want all of your love Come on and dizzy me up Shake me up I want to feel something bigger than us Astronomical love That you're magnetic as fuck Shake me up I want to feel something bigger

I want all of your love Come on and dizzy me up Shake me up I want to feel something bigger than us Astronomical love The kind you find when you're young And you're dumb I want to feel something bigger than us

You're the heart in my ache You're the love that I make

All I want is your love Come on and dizzy me up All I want is your lo-uh-uh-ove
