

# Spiderweb

The Mowgli's

Something is bothering me  
Taking it out on you  
I try to throw it away  
But it never let me loose  
And now I'm drip dry, tongue tied  
But that's another story  
I just wanna get through the day  
Just gotta get me away

In another life I could find a way  
I could fall in love  
In another time, on another day  
I would give it up

I don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
what to do with myself  
All alone in my head  
I'm stuck in a spiderweb

Now I surrender to THE  
Don't know what it's gonna be  
Something is bothering me  
I'm questioning all I believe  
Every time I ask you why  
You try to buy me with the same old story  
You just gotta look for your faith  
Just gotta look for your strength

In another life I could find a way  
I could fall in love  
In another time, on another day  
I would give it up

I don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb

Don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb

Don't know what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
what to do with myself  
All alone in my head  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb  
I'm stuck in a spiderweb
