Elizabeth Or Fight!

The Mr. T Experience

Elizabeth, Don't look to me You can be yourself or find some other way to be But time won't wait And even if it does It's unlikely to go back to how it was So my advice is to not think twice: Elizabethorfight

Stick to your guns It won't be long before Surrendering won't be an option anymore So in the end I recommend: Elizabethorfight

Peace whenever justice will allow Peace forever Elizabeth for now

If that means eternally Fighting for Elizabeth and Liberty Or the reverse You could do much worse: Elizabethorfight.
