

Say Goodnight

The Mr. T Experience

It's time to say goodnight
To leave it all behind
To take a long walk home
And know you'll be alone

Leave it all behind
Close your eyes and
Say goodbye

Goodnight, goodnight, goodnight

When there is no one there
My thoughts go everywhere
I try to drown thm out
And end up freaking out

Thought for food
2 more years and
Nothing's gonna move

Goodnight, goodnight, goodnight
Say goodbye

Nothing's gonna move
You know it's true
Goodnight, goodnight, goodnight
