

She's Coming (over Tonight)

The Mr. T Experience

Miracles and lucky charms made the girl of my dreams the girl in my arms.
Push will come to pull tonight and I'll have my hands full tonight
and everything'll be real all right because she's coming over tonight.
I'm gonna shave off my beard.
And I'll try not to act too weird.
Then I'm gonna kiss her tenderly, so don't ask her if she's free.
She won't be she'll be with me because she's coming over tonight.

Everyone makes fun of me. They do it right in front of me.
They don't think someone shy like me could get a girl like that
to like a guy like me.
But now she's standing at my door.
She's who I've been waiting for,
so don't feel sorry for me anymore because she's coming.

Hey! Hey! Hey! Hey!
We won't tell a soul tonight cause our mouths will be full tonight
and talking with your mouth full isn't polite.
All right. She's coming over tonight.
