

## Sheep

## The Mr. T Experience

I've got all of the symptoms  
And I don't know wrong from right  
I resist the itemized list  
But it seems so hard tonight  
I don't want to be a sheep  
Just because I'm told  
I don't want to be a sheep  
In complete control  
You get into my headache  
You regulate the pain  
But I can't second guess you  
You go directly to my brain  
I can't believe they're on my side  
I've been wrong too many times  
I do anything you say  
I don't know left from right  
I think there's something in the water  
Because it doesn't taste quite right
