

# Agony

## The Muffs

You were a fool to go under the table  
And now you know you were unable  
To pretend you're all alone  
And now look what it's done to you

And when you find that you're getting attention  
And you think that you're having all the fun  
But soon you'll realize  
You're living in a fantasy

So now you're all alone  
And you don't really  
Like the way he went away  
And now you're living in agony

Do anything you want always all the time  
But now you know it wasn't worth a dime  
So now you're all alone  
And now it's not a perfect world

And when you think  
You're more clever than anyone  
Now think again, we knew it all along  
But in reality I know you'll never be okay

So now you're all alone  
And you don't really  
Like the way he went away  
And now you're living in agony

And I'll be by your side  
And I'll be by your side  
And if you think that I'm unkind  
Then you're blind

So now you're all alone  
And you don't really  
Like the way he went away  
And now you're living in agony
