## **All Blue Baby**

Yeah, it's a lovely sunny day And I wish it'd go away Cause I'm mean And I've seen it forever

Now did you notice me today Well I hope not anyway Cause I hear That you're thinking I'm so far down

I didn't know what to say I didn't know what to do I didn't know anything anymore and Ooh I'm all blue baby Ooh I'm all blue so long

And you're ugly through and through And you think you're ugly too And I see what you see And it's so right on

It's a crummy crummy day To wake up and anyway Cause I feel what I feel And I'm so far out

[Repeat Chorus]

And I know what I feel And I do do believe I could never be you So long

And I know what I feel And I do do believe Please don't lean on me Ever too long (ever) Please don't lean on me Ever too long (ever) Please don't lean on me Ever too long Ever too

Everytime long Ever no The Muffs
