

## Funny Face

### The Muffs

Sitting back and doing nothing  
I could hate you  
I don't think I will

If you ever see me anywhere  
And you know me  
Please walk away

Funny face  
Why do you look after me?  
Funny face  
Why do you care?

Doing everything I wanna do  
Maybe someday  
You will be there

I thought we would always get along  
I like everyone  
They all hate me

Funny face  
What's wrong with you anyway?  
Funny face  
Why do I care?

You want everything from me  
But you won't get it  
I did everything I could  
But now, I'll just forget it

Funny face  
What's wrong with you anyway?  
Funny face  
Why do I care?
