I've been away now
Sorry if I can't believe my ears
Maybe if they weren't so filled with tears you'd see
Ooh whee
You could find something to be

But when you're lonely
You should think of better things to do
But you loaf around without a clue
Oh yeah, don't laugh
Oh poor you what can you do

Oh poor you-oo-ou why can't you see Oh poor little you what can you be Nothing to me oh yeah [scream]

You cry and cry yourself into the ground What you're looking for you'll never find in me Ooh whee, look into yourself and see And you'll be free [screams]
