

Sad Tomorrow

The Muffs

I don't even know why
Do you think I'm a mess
Maybe someday but now you're gone

When I do as I please
I'm no different to me
Am I crazy or have good luck?

You're the talk of the town
So you say, "Oh oh"

I don't know, why you're so glad
When my head's filled with sorrow
So maybe if I fade away
There'll be no sad tomorrow

My whole life is a drag
Baby, listen to me
When I go away, will you care?

I feel naked and weird
Do you see what I hear?
Maybe one day I'll die, who cares?

Hide away
In complete misery, oh, oh

I don't know why you're so glad
When my head's filled with sorrow
So maybe if I fade away
There'll be no sad tomorrow

Hide away
In complete misery

I don't know why you're so glad
When my head's filled with sorrow
So maybe if I fade away
There'll be no sad tomorrow

Be no sad tomorrow
Be no sad tomorrow
