

Up And Down Around

The Muffs

I know that I don't know what to say
Complicated but I'll carry on my day
Maybe y'all thought that I wouldn't do what I can do
But I'll keep the PJs and I'll sleep till noon.

Chorus:

You, I'm up and down around
I'm not completely sound,
But hear me now, I'm feeling freaky
You, I'm up and down around
I'm lost and then I'm found
And stirring up and down again.

I don't care, but I'm... after dawn
Are you scared that all I do is wrong?
Wake up early... I'm getting something done
Run around and making time...

Chorus:

You, I'm up and down around
I'm not completely sound,
But hear me now, I'm feeling freaky
You, I'm up and down around
I'm lost and then I'm found
And stirring up and down again.

I don't know what to do...
Cause tonight's so good to you!
In the middle is a place where I wanna be
But I know is the...
Be a trooper, try to be a little better, please
What the hell I'm trying to be normal?

Chorus:

You, I'm up and down around
I'm not completely sound,
But hear me now, I'm feeling freaky
You, I'm up and down around
I'm lost and then I'm found
And stirring up and down again.
